

*Quizard!* is a quizzing app that encourages learning, making it fun and easy. What's more, it's free! If you're a teacher, *Quizard!* allows you to easily create quizzes and share them to your students. You can track how your students are doing, and find out what the commonly made mistakes are through the statistics provided. If you are not a teacher, it is also fun to create trivial quizzes through *Quizard!* to share knowledge with your friends. For students, all you need is an account and a link to access quizzes on *Quizard!*. Through the friendly interface *Quizard!* provides, learning becomes a fun and stress-free process. You can stop and go back to a quiz whenever you want, and even re-attempt the quiz multiple times! You can also review the quiz to see what your mistakes were in the previous attempt. *Quizard!* provides a safe environment for students to learn, encouraging students to learn from their mistakes.

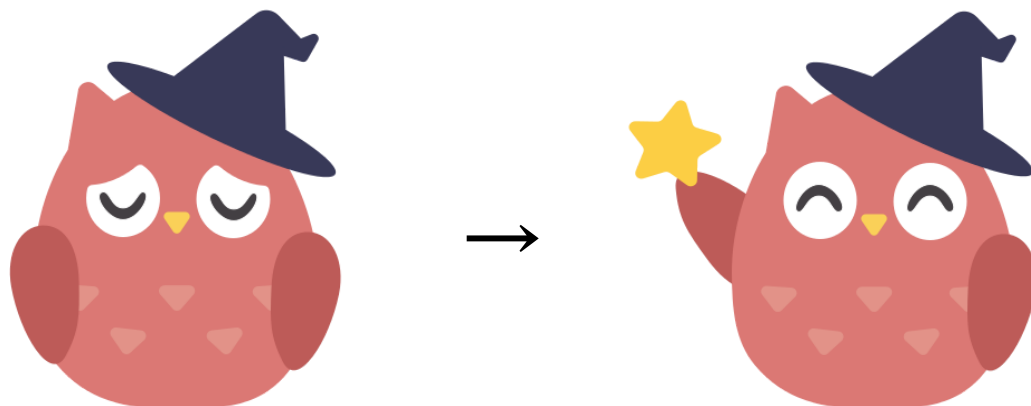

Not yet convinced that *Quizard!* is amazing? Follow us as we walk you through a use case.

Imagine that you are a primary school kid. You want to learn math. Your teacher gives you math homework to do. Math is so dry! So boring! It's just all numbers all the way!

Now imagine that you have a cute owl accompanying you. Encouraging you when you get an answer wrong. Celebrating with you when you get it right!

Such a **POSITIVE LEARNING ENVIRONMENT!**
